Rivers Edge Bank & Post Office Parking

During Phase 3 of Broadway Ave

As the Marion Street project moves forward, we are asking folks to utilize the following methods when accessing both Rivers Edge Bank and the Marion Post Office. Please enter the bank parking lot from the west side (alley side) and park in the new parking lot that was created with the demolition of the former Veterinary Clinic. The sidewalk in front of the bank will be open to allow traffic to enter both the bank and the post office for the majority of the project. You will not be able to enter the post office parking lot from either the front or the back. The post office collection boxes will be available by walk up traffic only. The bank drive-up will also only be used for walk up traffic to reduce parking lot congestion. If you have any questions regarding these logistics, please call Rivers Edge Bank at 605-648-3683. Thank you for your patience and consideration during this process.
